Extra discounts

As long as you visit a participating provider, you can save on products and services that aren't covered under your vision insurance plan, like:

- LASIK laser eye surgery
- Extra pairs of eyeglasses and prescription sunglasses, plus other accessories
- Lens options you'd normally pay full price for — like plastic photochromic or transition lenses
- Digital eye imaging, which detects many eye diseases
- Great discounts on things like hearing aids, fitness memberships and other wellness products and services

Using the discounts is easy.

You just pay the discounted cost directly to the provider. No claims are needed.

And the discounts are included with the plan, at no extra charge to you.
